The loneliness of nights alone  
The search for strength to carry on  
My every hope has seemed to die  
My eyes had no more tears to cry  
Then like the sun shines from up above  
You surrounded me with your endless love  
And all the things I couldn't see  
Are now so clear to me

You are my everything  
Nothing your love won't bring  
My life is yours alone  
The only love I've ever known  
Your spirit pulls me through  
When nothing else will do  
Every night I pray  
On bended knee  
That you will always be  
My everything

Now all my hopes and all my dreams  
Are suddenly reality  
You've opened up my heart to feel  
A kind of love that's truly real  
A guiding light that'll never fade  
There's not a thing in life that I would ever trade  
For the love you give it won't let go  
I hope you'll always know

You are my everything  
Nothing your love won't bring

My life is yours alone  
The only love I've ever known  
Your spirit pulls me through  
When nothing else will do  
Every night I pray  
On bended knee  
That you will always be  
My everything

Oh

You're the breath of life in me  
The only one that sets me free  
And you have made my soul complete for all time  
For all time

You are my everything  
Nothing your love won't bring  
My life is yours alone  
The only love I've ever known  
Your spirit pulls me through  
When nothing else will do  
Every night I pray  
On bended knee  
That you will always be  
My everything

You are my everything  
Nothing your love won't bring  
My life is yours alone  
The only love I've ever known  
Your spirit pulls me through  
When nothing else will do  
Every night I pray  
Down on bended knees  
That you will always be  
My everything, oh my everything
