I never imagined a dream so clear
Until the day that you came in
You opened my eyes, brightened all of my days
And you've changed my life in so many ways

Without you in my life, everything's just blue
But now that you are at my side
I know this one thing's true

I'll never let go of the one who loves me so
I'll never let go of the one who believes in me
I'll stay by your side until the end of time
And I'll never let you, let you go

I never thought that I'd find love just like this
So many feelings, all wrapped up in a kiss
Showing me sunsets in such heavenly skies
With your precious smile and one look in your eyes

These feelings that I have inside
I'll never let them show
But now that you are in my life
I want the world to know

I'll never let go of the one who loves me so
I'll never let go of the one who believes in me
I'll stay by your side until the end of time
And I'll never let you, let you go

I'll never mistreat you, never cause you any pain
I'll always protect you, be your shelter from the rain
You don't have to worry, no, you don't have to fear
'Cause I'll be with you right by your side
Yes, I'll always be near, yes, I'll always be near

I'll never let go of the one who loves me so
I'll never let go of the one who believes in me
I'll stay by your side until the end of time
Girl, you should know that I love you so much, baby
And I'll never let you, let you go
