The snow is falling, the city is white
Your eyes are shining like diamonds tonight
And we're all alone
There's no one home
You're finally in my arms again
The night is silent
And Christmas is here
I couldn't ask for more than having you near
'Cause I love you girl
I always will
And now I know the moment is right

Cause I've been waiting to give this gift tonight
I'm down on my knees, there's no better time
It's something to last for as long as you live
Tonight I'm going to give you (oh girl!) all my heart can
give*

I thought I'd give you something shiny and new
I tried to find something worthy of you
But I realized, when I looked inside
There's some things that money can't buy
Oh no
I feel the magic, whenever you're near
I feel it even more this time of the year
'Cause I love you girl
I always will
And now I know the moment is right

Cause I've been waiting to give this gift tonight
I'm down on my knees, there's no better time
It's something to last for as long as you live
Tonight I'm going to give you all my heart can give

You know I'll always be true to you
And you know I'm the one you can turn to
Oh oh yeah
Any time, any place, or anywhere
You know that I'll always be there

'Cause I've been waiting to give this gift tonight
I'm down on my knees, there's no better time

It's something to last for as long as you live
Tonight I'm going to give you all my heart can give

'Cause I've been waiting to give this gift tonight
I'm down on my knees, there's no better time
It's something to last for as long as you live
Tonight I'm going to give you all my heart can give
