There are times  
I swear I know you're here  
I forget about my fears  
Feelin you my dear

Watchin over me  
My hope sees  
What the future will bring  
When you wrap your wings

And take me where you are  
Where you and I will be together  
Once again, we'll be dancin in the moonlight  
Just like we used to do  
And you'll be smilin back at me  
Only then will I be free  
When I can be, where you are

And I can see your face  
Your kiss I still can taste  
Not a memory erased

Oh, how I see your star  
Shinin down on me  
And I'd do anything  
If I could just, be right there where you are

Where you and I will breathe together  
Once again we'll be dancin in the moonlight  
Just like we used to do  
And you'll be smilin back at me (you'll be smilin back at me)

Only then will I be free  
Then I will be free, so take me where you are

Now baby there are times when selfishly  
I wishin that you were here with me  
So I can wipe the tears from your eyes and make you see

That every night when you are dreamin  
I'm here to guard you from afar  
And anytime I feel in love  
I'll close my eyes and dream of where you are

where you are

Where you and I will breathe together  
Once again we'll be dancin in the moonlight  
Just like we used to do  
And you'll be smilin back at me (you'll be smilin back at  
me)

Only then will I be free  
Then I will be free,

Baby I still believe  
Oh I gotta believe  
I still believe  
I will touch you that sweet day

That you take me there  
Where you are (where you are)  
I still believe  
Whoooooa, I gotta believe  
I still believe  
I will touch you that sweet day

That you take me there  
Where you are, oh where you are!  
I still believe  
I gotta believe  
I still believe  
I'll always be waiting here

That sweet day (that sweet day, yeah!) I still believe.....I  
still believe....
