Verse One:

We do almost everything
That lovers do
And that why's it's hard
Just to be friends with you
And everytime your heart is broken
By the fool I want you to know
That it hurts me too
It's hard to wipe your tears away
Knowing you should be with me, tell me

Chorus:

Why, why are we still friends
When everything says
We should be more than what we are
And tell me why
Everytime I find someone that I like
We always end up being just friends

Verse 2:

I would hate for you to find somebody new
Who you really love
Cause it could mean losing you
But am I a fool girl not to say
If I'm always scared I'll lose you anyway
Somehow someway I've got to choose
Got to choose no matter if it's win or lose

(repeat chorus)

Bridge:

I don't want to be like your brother
I don't want to be your best friend
I only want to be your lover
When will this end?
If I told you that I want to be in your life?
If you could be the woman in mine
