If you tied all the lives you've been livin'
Disappointed in the condition you got
Don't be afraid of a change
Though I know it may be strange
You're still loaded
Why don't you take another shot
I ain't askin' you to change your direction
All I wanna see is a little affection from you
Then you'll know what it's like
To have somebody on your side
I'll do anything I can
I'll do anything, anything I can
I'll do anything to keep you satisfied
Anything you want...you got it
Anything you want...you got it

Well...I ain't tryin'
To influence your decision
When you look at him I don't guess
There's very much love directed at me
Oh honey don't let these tears
Cloud your vision
Well I watched you cry
When you thought I couldn't see
Look honey I seen pressures
Chasin' you like a shadow
But I believe you can chase
That shadow if you ran with me
Anything you want...you got it
Anything you want...you got it
Anything you want...you got it
Anything you want...you got it
Anything you want...
