A successful operation
I cut my conscience loose for a while
Was no ticklish situation
The girl just made me smile
She said she didn't love me
I said I didn't care
Then I became entangled
In Della's long brown hair
Well the time before the last time
Is the sweetest time you know
So I stayed till it was past time
And I knew I had to say goodbye and go
Then I kissed her for the last time
She was leanin' down the stairs
And I felt it fall around me
Della's long brown hair
