I saw you last night  
Sittin' alone at the bar  
Came back this evenin'  
Just to find out who you are

Cause baby, baby  
You hit the nail right on the head

I can tell you're from down south  
The way you say ya'll  
You look at me over your shoulder  
Just like Lauren Bacall

Oh baby, (baby, baby)  
You hit the nail right on the head

Well I like the way you chuckle at me  
I just love the way you hold your gown  
It's pretty good matter  
To just stagger over here  
We'll couldn't we find a place where  
There's not so many people around

Come over here, baby  
Let's dance and I can sing  
Wrap yourself around me  
Just like a...a yoyo string

Oh baby baby...mmm...baby baby

Come on over, baby  
Come on up to my place  
I got something up there, darlin'  
Wipe that smile right off your face

(Oh baby baby...mmm...baby baby)  
You hit the nail right on the head  
Oh ummm

Curls in your hair  
Cut me like a knife  
Sometime later on, baby

You're gonna hafta tell me  
The story of your life

(Oh baby baby...mmm...baby baby)  
You hit the nail right on the head  
Oh baby  
(Oh baby baby...mmm...baby baby)  
You hit the nail right on the head

Oh hey baby...yeah!
