All my redneck buddies drinkin' longneck buds  
There's nothin' like a cold one in a frosty mug  
You can drink it from a pitcher, drink it from a jar  
You can drink it in the back seat of somebody's car  
Workin' all week hangin' drywall up  
Tonight they're crusin' in Bubba's truck  
They're just rednecks unplugged

[CHORUS]

Mind your manners don't touch my hat  
Keep your hands off my woman 'cause I don't like that  
All in all we're a friendly bunch  
But if you're lookin' for trouble better bring your lunch  
We love nascar races, monster trucks  
Lynyrd Skynyrd, Flatt and Scruggs  
rednecks unplugged

Bobby works from nine to five  
Chokin' to death in a coat and tie  
But  
Bobby's not thinkin' 'bout all of that bull  
Bobby's got his mind on a tractor pull  
He'll be gettin' plowed will all of his buds  
Gettin' that white shirt covered with mud  
He's just a redneck unplugged

[CHORUS]

Hey, we work real hard and we play hard too  
We put a whole lotta heart in everything we do  
Keepin' that shoulder right to the wheel  
We're america's best, the real damn deal  
Mom and dad, and uncle doug  
Old aunt edna, cuttin' the rug  
Rednecks unplugged
