She's a creature in her birthday suit,
Dirty - preening, for a night's breeding,
He sees a stray beast in the mirror,
Hairy - shaving, to go out on the mating
Such a cool cat in his skintight jeans
Horny - sharking, "Hi, what are you drinking?"

I'm an animal, you're an animal,
Animals, are you fit for the kill?

I'm a hot bitch with my catwalk sway,
Juicy - pouncing, "Hey! Are you dancing?"
With the wildlife oh we bump and grind,
Moving, shaking - watch me displaying,
In the undergrowth oh we grunt and grope,
Calling, panting - sweaty romancing

I'm an animal, you're an animal,
Animals, are you fit for the kill?
