If I Could Rob Mills

If I could paint
I'd paint a portrait of you
The sunlight in your eyes a masterpiece of truth
And a single tear like a silent prayer
That's shining so much brighter than a diamond ever
dared
If I could do anything at all, I'd do it for you

Chorus

Darling can't you see
What you mean to me
Anything that I can do I'll do it for you
And darling don't you know
Just how far I'd go
Anything that I can do, I'd do it for you

Sometimes I feel so second-rate
Seems loving you was my greatest mistake
I know I'm insecure
And love don't keep score
But I wish I could give you more

If I could play
I'd play up a storm for you
A raging sea of passion that you never knew
Every whispered sound would touch your heart
Maybe for a moment I could be your favourite star
If I could do anything at all
If I could, I'd give you more
If I could do anything at all...I'd do it for you
