Call at 3am
Stands you up again
Has ten thousand friends
Its just the way she is

Never waits in line
Never has the time
Makes you lose your mind
That's just the way she is
That's just the way she is

You'll never be what she needs
She'll always leave
With your sanity
She'll never do what you
Want her do
You know it's true
Miss Vanity
That's just the way she is

Loves to turn you on
You think you can't go wrong
She comes, and then
She's gone
It's just the way she is
Yeah that's the way she is

You'll never be what she needs
She'll always leave
With your sanity
She'll never do what you
Want her to
You know it's true
Miss Vanity
That's just the way she is

On your knees such a tease
Mmm bitter sweet
You know what mean
She'll never do what you
Want her to
You know it's true

Miss Vanity

Knows just what to say
To all the hearts she plays
We love her anyway
That's just the way she is

You'll never be what she needs
She'll always leave
With your sanity
She'll never do what you
Want her to
You know it's true
Miss Vanity
That's just the way she is

On your knees such a tease
Mmm bitter sweet
You know what I mean
She'll never do what you
Want her to
You know it's true
Miss Vanity
That's just the way she is
