Boy, late at night
Are you thinking of me too?
Do you close both your eyes
And dream I'll wake up next to you?

And I know that you're leading me on
Get a feeling that I'm doing it too
If there's no happy ending then we're just pretending
And I'm not made for you

But oh, it's not hard to fall in love with you
When it's all of those things you do
That make me love you
And I know that it's wrong so forgive me but I do

And most of the time you are running through my mind
And I try to catch you up
But I'm always left behind

And I know that you're feeling that I'm just believing
A lie, that isn't the truth
If there's no happy ending then we're just pretending
And I'm not made for you

But oh, it's not hard to fall in love with you
When it's all of those things you do
That make me love you
And I know that it's wrong so forgive me but I do

And I'm not leaving all my feelings
Locked behind a door
And I'm not even scared of dreaming bout
The day you love me more

Cause oh, it's not hard to fall in love with you
When it's all of those things you do
That make me love you
And I know that it's wrong so forgive me but I do
