Whenever I find myself in doubt
An angel comes around
When I see her smiling face
I feel a saving grace

Girl you meant so much to me
Oh how I wish you could see
It's in your arms I want to be
Forever you and me

But wait a second this ain't the end
I'll be around; I'll be your friend
Let's share precious moments once again
And let the pieces fall into place
I've learned so much - you've taught me well
I want to thank you from the bottom of my heart
You saw something in me I couldn't see
And you believed in me, you believed in me

Taking love for granted when...
You needed me the most
I did not know what I was missing
Now I cry myself to sleep

Girl you meant so much to me
Oh how I wish you could see
Girl you meant so much to me
And how I can't believe
Girl you meant so much to me
I was so naive
Cause it's in your arms I want to be
Forever you and me

But just a moment I'll say it again
I'll be around; I'll be your friend
Let's share precious moments once again
And let the pieces fall into place

Can't you feel the love I have inside?
Only for you girl my world comes alive
I want to thank you from the bottom of my heart

Cause you saw something in me - you believed in me

Now these hearts they can't deny
Our love is right on time
I knew you were waiting for me
The time is right for you and I

Girl you meant so much to me
I'm so glad you could see
Girl you meant so much to me
Just you and me
Girl you meant so much to me
Now it's in my arms you want to be
It's like 1 - 2 - 3
Forever you and me
