Everytime I look at you
I see myself the way I want to be
It's the feeling in my bones
Just the thought of losing you
Is bringing out the very worse in me
No I never felt this low

I wanna be with you though the long years of my life
And I am willing to relinquish my control
I will agree to be your lawfully wedded wife
Honor and obey you, to have and to hold

Winter wind is closing in
I find myself going out again
My apartment's very cold
Too much time in bars I spend
Buying drinks for non-existent friends
Getting drunk is getting old

I wanna be with you though the long years of my life
And I am willing to relinquish my control

I will agree to be your lawfully wedded wife
Honor and obey you, to have and to hold

Look at me on my knees
I never been this way before
I believe I will freeze
If I stay here on the floor
I need relief from the grief
I take this anymore, anymore, anymore

I wanna be with you though the long years of my life
And I am willing give everything I own
I will agree to be your lawfully wedded wife
Honor and obey you, whatever you say goes
I wanna be with you, be your lawfully wedded wife
I wanna stay with you for the rest of my whole life
I wanna be with you, I don't wanna be alone
Don't wanna be alone
