Left alone, your voice once gave me the comfort to  
continue

2,000 miles, I'm hopeless and broken  
You're gutless and hopin' to run into hope  
And this isn't getting any easier

They won't understand it  
What you've hidden from them,  
And this isn't getting any easier

So is this what you wanted?  
Too bad, it's what you got.  
So should this be my farewell?  
Come on, you know me too well.

So is this what you wanted?  
Too bad, it's what you got.  
So should this be my farewell?  
Come on, you know me too well.

Once again, your lies still give me the heartache, to  
continue

1000 miles, you're coming closer  
It's been so long I can hardly remember  
This is getting so much easier

They won't understand it,  
What you've hidden from them  
And this is getting so much easier

So is this what you wanted?  
Too bad, it's what you got  
So should this be my farewell?  
Come on, you know me too well

So is this what you wanted?  
Too bad, it's what you got  
So should this be my farewell?  
Come on, you know me too well

So is this what you wanted?  
Too bad, it's what you got  
So should this be my farewell?  
Come on, you know me too well

So is this what you wanted?  
Too bad, it's what you got  
So should this be my farewell?  
Come on, you know me too well
