"i My only enemy"

Visit "[i My only enemy](#)" on MotoLyrics.com

I dont even try to keep the love alive

You found a frequency

You sucked it outta me

You're no th tonly one to hold a smoking gun

You felt the gravity

You think you're finally free

I don't even know

which way it outta go

get out before you drown

before they bring us down

its all inside of me

My only enemy

You sucked it outta me

You fucked it outta me

Watch the world turn on 3x

My only Enemy

I want it all before you go 3x

I don't even try to keep the love allice

You found a frequency

You sucked it outta me

MY only Enemy 2x

Watch the world turn on 3x

My only Enemy 5x

Well Fuck You! 2x
