I can't believe all the time that passed between our  
lives  
Just yesterday it was a dream too far to come true  
I've fallen for the last time, I can see the sun it's in your  
eyes  
I've waited for a lifetime just to have you here by my  
side

In the night, I feel you hold me tight  
I feel my love's alive, as you're taking me through the  
night

Taken for granted, taken for a ride across that line  
Into the crossfire between body, soul, and you're mind  
Emotion is a fine line, you can be deceived when you  
spill the wine  
Blinded by a compromise, you can throw away so much  
time

But we can make a run for heaven now

In the night, I feel you hold me tight  
I feel my love's alive, as you're taking me through the  
night  
In your eyes I see there's no disguise and now I realize  
That I finally found paradise

In the night

In the night  
I've fallen for the last time  
I've waited for a lifetime  
Blinded by a compromise  
Taking me through the night
