It goes on and on all through the day  
On and on, my love will remain  
Don't you know it's never too late  
To turn the hand of fate

There you were, burned by love  
Left a bitter taste, a heart of stone  
Now you're strong and you start walking  
Leaving me all alone  
I don't care what the neighbor's thinking  
I don't care, what do they know  
All I need is to feel your lovin'  
A memory that's never been sold

When are you coming back for me  
I know it's soon  
I know the sun will shine again  
I'll wait for you

It goes on and on into the day  
On and on, my love will remain  
Don't you know it's never too late  
To turn the hand of fate  
On and on into the night  
Can't you see, our love is so right  
Holding on, I'll never let go  
My love will never fade

Here I stand, my heart's wide open  
Take my hand, we'll start again  
Trust in me, tomorrow is coming  
I don't need to understand

When are you coming back for me  
I know it's soon  
I know the sun will shine again  
I'll wait for you

It goes on and on into the day  
On and on, my love will remain  
Don't you know it's never too late  
To turn the hand of fate

On and on into the night  
Can't you see, our love is so right  
Holding on, I'll never let go  
My love will never fade

On and on into the day  
On and on, my love will remain  
Don't you know it's never too late  
To turn the hand of fate  
On and on into the night  
Can't you see, our love is so right  
Holding on, I'll never let go  
My love will never fade

On and on all through the day  
On and on, my love will remain  
On and on, it's never too late  
On and on, to change your fate  
On and on...
