(Verse One)

Came in this world with a loaded gun dead in my
mouth
I stuck my hand off in some shit that I couldn't wash off
I need a brother, not a nigga, cuz a nigga be fraud
I be strivin tryin to make these haters give me my card
I never cried over no bullshit, you weak if you do
Cuz it's always somebody that strugglin harder than
you
See back in 92, I would of laughed like it was a joke
If you would of told me that by 99 I'd still be broke
But being broke has kept me motivated, able to strive
I witness mutha fuckers dying around me tryin to
survive
Brain stormin when I'm pissed off, dial switched in the
rhyme
Infinite levels of deepness cuz I'm rich in the mind
These snakes fucked up my last tape but still it was
good
But those bitches better not ever step one foot in my
hood
I ain't ashamed to say it's hatred, so envision the blood
I can't wait to see you mutha fuckers drownin in blood

(Chorus 2X)

I can't wait to see you hoes drownin in blood
Drownin in blood, drownin in blood
Leavin all my foes face down in the mud
Drownin in blood, drownin in blood

(Verse Two)

Foo's live life defiant, claimin they computers are Y2K
compliant
Shit, picture darkness like power lines cut down
Startin a famine, cuz America is shut down
Mutha fuckers runnin wild, killin for a taste
So called technology, ineffective, millions go to waste
Yo, benjamins ain't jack, you work years to get 'em
Now they worthless, you can even take a shit and wipe
your ass wit 'em
Some say my life is like Jekel and Hyde

I'm cool in the world but on my tape it's straight
homicide
It's like a war, deep inside the mind where murders are
fast
I'm like an aggravated hurricane inside of a glass
