He's a man with a woman's shadow  
He's a man but he doesn't moan  
And so softly does he creep  
That he'll kiss you in your sleep  
When you're alone  
He's a man with a woman's shadow  
He's a man out in West L.A.  
And I hate to tell you this  
But I love the way you kissed  
Him yesterday  
He never gets the girl he wants  
Because the girl inside him haunts  
The living room  
And the dressing room  
He's a man with a woman's shadow  
Hieroglyphics on a yellow cone  
And you can reach inside yourself  
And you can find another self  
And you can carve your soap and wash your spine  
Fine  
He's a man with a woman's shadow
