Ooh, wap shoo wadda dap
Ooh, wap shoo wadda dap
Chip-chip-chipper up in the crow's nest
Upside down face but it still saw a lot
Flaking off, breaking off, crumbled and cracking
Time will destroy you like a Mexican god
Dreaming your eyes away, closed to the future
Pray for amnesia to finish you off
This is the evil I wished on so many
Time will destroy you like a Mexican god
Moon in a cup, crushed garlic and babies
Sailors all stagnant and bloating and rough
The horror of you floats so close by my window
At least when I die, your memory will too
Ooh, wap shoo wadda dap
Ooh, wap shoo wadda dap
Cruel, magnificent, roasting your people
I am secure at the end of your rod
Cut out my heart and it flies to the ceiling
Time will destroy you like a Mexican god
Time will destroy you like a Mexican god
Time will destroy you
Ooh, wap shoo wadda dap
Ooh, wap shoo wadda dap
Ooh, wap shoo wadda dap
Ooh, wap shoo wadda dap
Ooh
