Penelopes angles
She dangles before you as ripe as a peach
To reach for
Shes got a thing about yams
Shes got a thing about yams
I am not a yam
I am not a yam
Penelopes angles
She dangles before you as ripe as a peach
To reach for
I was born as a woman but feel it could go either way
And all that you need is around you
All that you need is around you
All that you need is around you
All that you need is around you
I am not a yam
I am not a yam
I am not a yam
I am not a yam
I am not a yam
Not yet
Penelopes angles
She dangles before you as ripe as a peach
To reach for
