He wants to know about the silence of the jaguar  
She wants to know about the apparatus in your car  
And when you gonna change your strawberry mind?

He wants to know about the silent fingers in your glove  
She wants to know about the price to pay to buy your  
love  
And when you gonna change your strawberry mind?

When you gonna change your strawberry mind?  
When you gonna change your strawberry mind?  
When you gonna change your strawberry mind?

He wants to know about the tissues lying by your bed  
She wants to know about the images inside your head  
And when you gonna change your strawberry mind?  
Aw, when you gonna change your strawberry mind?

I don't know why, but I think I'm gonna try  
To fade back into yesterday before tomorrow comes

He wants to know about the difference between him  
and her  
She wants to know about the way they're not the way  
they were  
And when you gonna change your strawberry mind?

When you gonna change your strawberry mind?  
When you gonna change your strawberry mind?  
When you gonna change your strawberry mind?
