I still believe
I do believe that love is on our side
With you beside me, baby, all the way
I'm not afraid
Oh I know
For everything that you and I've been through
You should know I've never given up on you
Even when the fear surrounds us
Even through the fire

I still believe, we were meant to be
I still believe
That I was made for you and you for me
My love for you is there for all to see
Until eternal darkness falls
The final curtain call
I still believe

We fell in love
Against all odds we fell in love
They never thought that we would make it through,
baby, me and you
Oh I know
All we ever wanted was the time
Time to be together, just the two of us
Even if the world stops turning
Our love will carry on

I still believe, we were meant to be
I still believe, that I was made for you
I still believe, yeah...
The very best is yet to come
You know that you're the only one

So even when the fear surrounds us
Even through the fire, got to, need to say

I still believe
We were meant to be, you and me, yeah...
And you for me...
My love for you is there for all to see

Until eternal darkness falls
The final curtain call
I still believe
