"Too Much Energy"

Visit "[Too Much Energy](#)" on MotoLyrics.com

Too much energy, make me unclean
I can't even decide if I'm alive
It's not really wrong, all I see is open doors

I can't find you
You don't know me
I can't find you
You don't scare me

Too much energy, make me unclean
I can't even decide if I'm alive or not

Too much energy, make me unclean
I can't even decide if I'm alive
I am what I am
I really don't care about your money
I see what you see
I don't care what you believe

Too much energy, make me unclean
I can't even decide if I'm alive or not

Take me into your arms and let my fly
Take me into your arms and say goodbye
