I've been waiting for so long to get this feeling  
To kiss and touch someone who mattered, this ain't a  
fling  
I'm tired of playing games with faces that I wouldn't  
see  
Ever again, no, never again  
A girl like me deserves a girl like you in many ways  
I could list the reasons why you'd really change my  
ways  
I wouldn't have to look for anyone else in this place  
Never again, no, never again

Turn it up, turn it up, oh, let the speakers blow  
Turn the lights down, turn the lights down, yeah,  
lemme see you glow

Come home to me after you work, the sun's down  
I know your body's sore  
You know nobody needs to know, don't be shy  
The curtains are closed  
Even though we argue, I'm still yours the whole time  
I guarantee it, baby  
So won't you stay a while, relax your nerves tonight  
I'll make you glow

It's been an hour since I left your place, I feel  
misplaced  
Left you roses, check the bedroom floor, are you  
amazed?  
There's so much where that came from, I'd love to give  
you more  
Of anything, oh, everything  
I'll tell you things I've never told anyone else before  
It doesn't matter what the narrow minds are saying  
I like discovery to spread the love that's worth it all

Everyday, oh, everyday

Turn it up, turn it up, oh, let the speakers blow  
Turn the lights down, turn the lights down, yeah,  
lemme see you glow

Come home to me after you work, the sun's down  
I know your body's sore  
You know nobody needs to know, don't be shy  
The curtains are closed  
Even though we argue, I'm still yours the whole time  
I guarantee it, baby  
So won't you stay a while, relax your nerves tonight  
I'll make you glow

Do you feel it? Do you feel it?  
Do you want it? Do you want it?  
There's no more stopping now  
No more running, just some lovin'  
I'm coming to the end, but let's  
Do this some more

Come home to me after you work, the sun's down  
I know your body's sore  
You know nobody needs to know, don't be shy  
The curtains are closed  
Even though we argue, I'm still yours the whole time  
I guarantee it, baby  
So won't you stay a while, relax your nerves tonight  
I'll make you glow
