(Everclear)

You put yourself in stupid places  
Yes I think you know it's true  
Situations where it's easy to look down on you  
I think you like to be the victim  
I think you like to be in pain  
I think you make yourself a victim almost every single  
day  
You do what you do  
You say what you say  
You try to be everything to everyone  
You know all the right people  
You play all the right games  
You always try to be everything to everyone  
Yeah you do it again  
You always do it again  
You say they taught you to read and write  
Yeah they taught you how to count  
I say they taught you how to buy and sell your own body  
by the pound  
I think you like to be their simple toy  
I think you love to play the clown  
I think you are blind to the fact that the hand you hold is  
the hand that holds you down  
Spin around and fall down  
Do it again  
You stumble and fall  
Yeah why don't you ever learn  
Spin around and fall down  
Do it again  
Come on now  
Do that stupid dance for me  
You do what you do  
You say what you say  
You try to be everything to everyone  
You jump through the big hoop  
You play all the right games  
You try to be everything to everyone  
Spin around and fall down  
Do it again

You stumble and you fall  
Yeah you do it again  
Spin around and fall down  
Do it again  
You stumble and you fall
