Song: Bachelor Number One

Hello to your mother , your brother , significant other
I am the summertime
and I'm here to free your mind
Kick off your shoes the blues and use anything but your
mind
'cause this is the summertime
and it's here to free your mind

How many other people can you save today
don't you think it's high time that you sail away
leave today , don't fall behind

Try something new, turn into you if only for a short time
and feel your head recline
kick off your shoes , the blues and use anything but
your mind
'cause this is the summertime

How many other people can you save today
don't you think it's high time that you sail away
leave today don't fall behind

Hello to your mother , your brother, significant other
I am the summertime and I'm here to free your mind.
