Listen to the dream of life - a
Conversation - hustle me beneath a
Spark - flesh or reflection-faith
Can't hold insto-matic soul -
Trapped the light - a fool for
Love stand'n still - deep is the night - [jump in the back
- a
Pack attack - gimme that - dig in - lethal mind - fugitive
Kind - hustle!] x 2 steal'n back the past ahead - that's
how
I'm roll'n - trick racer so desperate - that's how I'm
living
- dead heat shred the midway air - I see forever - drag-
o-
Rama kick'n in - no say never [jump in the back - a pack
Attack - gimme that - dig in - lethal mind - fugitive kind
-
Hustle!] x 2 scrimshaw motherfucker bazooka 5-star
cat a
Howl'n - kitten got a whip but no escape to bait the
Prowl'n - yeah! if hell is like a woman, said "take me to
The fire" shot down! another desperate love crucifier
Yeah! boiling out of nowhere - crazyhead decision -
Skintight on the action grind into collision yeah!
Breath'n seeped into my head - the gang is bang'n -
pump
The creature daddy-o - spring-loaded hang'n-
everything
Ya always need - right for the taking-shoot the works
The haunted hill house is a shak'n.
