Born with hesitation onto floating stone what better  
than a riverview - a slum by any other name scum -  
scum perfect and friendly to a given point - point to  
stretch your skin thin thinner than  
N air heaven air - twisted become ultimate - 2 face shin  
e on. vocal become violent virgin shine on - yea time  
for damaged lives. it lives again. but the worst is yet to  
come topless crawling. healer-skelter hidden among  
fashionable white pickett hammerheads relentless,  
interrogating, scum sucking suck. s uck true they were  
a handsome piece but a piece for a poor excuse for a  
sinking sailor by sinking sinking ragtag turn sinner.  
decoy shine on. freak out. feast I'm alive shine on sing  
for a holy gun - some say heavenly. land of hypnotic  
eye. endless lo ve. helter skelter when you get down  
falling down under homegrown \$ money the need is  
vanished now now! hey kind of incredible! time to crawl  
over love and rotting stones like a steamrolling. high  
rolling. shit kicking ego machine. mad dog. alterna tive.  
sleep. ever  
Ywhere rattle snake in a big sleep (yea) hits so good - I  
can remember taste so bad. I can't forget - can't  
remember can't forget - but I can not - like a road  
machine - machine
