A little way back
Where the end meets the road
Turn your back
& I might reload
A bullet in your head
& one for your brain
Be another one face down in the rain

Little piggy, little piggy
What do you see?
You're lookin' at death
When you're lookin' at me
Little piggy, little piggy
What should you do?
I am the devil what's comin' for you

The moon won't sink
& the sun won't shine
I season my blood
With turpentine
Everything is true
When you know what's real
A (sick?) black dog
Gettin' drunk on the wheel

Little piggy, little piggy
What do you see?
You're lookin' at death
When you're lookin' at me
Little piggy, little piggy
What should you do?
I am the devil & I'm comin' for you

I crawl on the ground
& I start to bleed
I'm the one you dream about
When you sleep
(Eyes of death?)
& bone in blood
Your lungs are freakin' out
When you're drownin' in the mud

Little piggy, little piggy
What do you see?
You're lookin' at death
When you're lookin' at me
Little piggy, little piggy
What should you do?
I am the devil what's comin' for you
