Halloween is coming, you have to get ready  
We are counting on you to bring us home this year  
I won't let you down  
I know you won't, baby

A white horse ride on a bloody sky  
Murder on my face and death in my eyes  
Tomb inside my head, the hell I'm forced to live  
I gave you all the pain that I had to give  
And now I'm coming home

Sister why do I, do I want to kill you?  
I fall to my knees, please, I love  
Mother, why do I, do I want to kill you?  
I am your only son, the one, I love you

I dream pitch black, sleep of misery  
A ghost across the mist, she come to set me free  
An angel in my world, now she has to bleed  
A river of blood, come back to me  
And now we're coming home

Sister why do I, do I want to kill you?  
I fall to my knees, please, I love  
Mother, why do I, do I want to kill you?  
I am your only son, the one, I love you

I am your only son, the one, Michael  
Help me mama, please, please, Michael  
I only wanna stay a day, Michael  
See me as I fall, your all, Michael

I love you mama  
I love you too, Michael
