Insane blues at the green man inn  
Cut the lights and pray that you dead  
Opium dreams through the seven dials and  
Feel the pillow over your head

Rachel hides from Aned the crow  
Keen eye on the peelers  
Experiment from a fifty three  
And no scratch for the dealers

If she wants some more  
She wants some more  
She wants some more  
Sweet Rosa whore

I say hell is love  
You say I must suffer  
She's a motherfucker  
Resurrect me

I say hell is love  
You say I must suffer  
She's a motherfucker  
Resurrect me

Sleep well in your killing bed  
Give a jig 'n' show some life  
Favor for a favor don't separate the  
Pain from the knife

All the doctors sing  
You gotta suffer for the cure  
As the world fades away  
You wonder where you were

If she wants some more  
She wants some more  
She wants some more  
Sweet Rosa whore

I say hell is love  
You say I must suffer

She's a motherfucker  
Resurrect me

I say hell is love  
You say I must suffer  
She's a motherfucker  
Resurrect me

If she wants some more  
She wants some more  
She wants some more  
Sweet Rosa whore

I say hell is love  
You say I must suffer  
She's a motherfucker  
Resurrect me

I say hell is love  
You say I must suffer  
She's a motherfucker  
Resurrect me
