Dig deep down from Planet X, yeah  
Thirteen ghosts in the devil's head  
Step right up and feel the fire  
Hardcore love of the never dead

Call me the American nightmare  
Call me the American dream  
Call me your soul corrupted  
Call me everything you need

Yeah, motherfucker  
Yeah, who do you love  
Yeah, motherfucker  
Who do you love, yeah

Black boots stomp and penetrate, yeah  
Lust and death gone in your head  
Rat pack mind degenerated  
Thirteen ghosts sing the body red

Call me the dark intruder  
Call me the haunted sea  
Call me your Monster Zero

Call me anything you need

Call me the American Nightmare  
Call me the American dream  
Call me your soul corrupted  
Call me everything you need

Yeah, motherfucker  
Yeah, who do you love  
Yeah, motherfucker  
Who do you love, yeah

Call me the American Nightmare  
Call me the American dream  
Call me your soul corrupted  
Call me everything you need

Yeah, motherfucker

Yeah, who do you love  
Yeah, motherfucker  
Who do you love, yeah

Yeah, motherfucker  
Yeah, who do you love  
Yeah, motherfucker  
Who do you love, yeah
