Leave that boy behind
Convict of our trades
Steal the small ones
Carved and homemade
Transform children
Flesh and living slaves
Clowns and jesters are
The ones you can not save

The man who laughs
The man who laughs

Noble Jackals are
Banished from England
Pain of death proclaimed

King James mighty hand
Cold and hungry
Tell me what's your name
I'm not laughing cause
I am Gwynplaine

The man who laughs
The man who laughs

The man who laughs
The man who laughs
The man who laughs
The man who laughs
