Well, sweet little sistas high in hell cheating on a halo
Grind in a odyssey holocaust heart kick on tomorrow
Breakdown, agony said ecstasy in overdrive
She come a riding on the world, Thunderkiss '65

Yeah, wow, five, yeah, wow
Demon-warp is coming alive in '65
Five, five, yeah

Living fast and dying young like a endless poetry
My motor-psycho nightmare freak out inside of me
My soul salvation liberation on the drive
The power of the blaster move me faster '65

Yeah, wow, five, yeah, wow
Demon-warp is coming alive in '65
Five, five, yeah
Gimme that, gimme that now, now, now, yeah

Rolling like a supersonic another fool that gets down on
it
Pig sweat a million miles, I got a heart atomic style
I make it look easy, that's what I said
Blast of silence explodes in my head

Yeah, yeah, yeah, gimme that, gimme that now
Step to the moonshine frenzy hail the resurrection
What's new pussycat, can you dig the satisfaction

Well, you cant take it with you but you can in overdrive
Yeah, some like it hot and twisting, '65
Yeah, wow five, yeah, wow
Demon-warp is coming alive in '65

Five, five
