Sometimes people look right over my shoulder,
Telling me I'd better watch my back
Today my friends all feel a lot like vultures,
Circlin my head until the attack

I raise my hands up to the ones that hate me,
The ones that keep me goin when I'm down
And if I want your opinion I think I'd ask ya
But most times I don't really want you 'round

Where do we go from here?
Things are getting worst each year
And know I'm stuck here in this shithole with my fear

Sometimes I think my thinking gets me nowhere,
But I don't know, got nuthin to say 'bout that
I waited my whole life from something better,
Just spin me around this cage until I fallâ€¦

Where do we go from here?
Things are getting worst each year
And know I'm stuck here in this shithole with my fear

(solo)

Where do we go from here?
Things are getting worst each year
And know I'm stuck here in this shithole with my fear

Where do we go from here?
Things are getting worst each year
And know I'm stuck here in this shithole with myâ€¦

Where do we go from here?
Where do we go from here?
I can't take it man,
I'm getting outâ€¦
This year,
Get me outta here,
Disappear,
I don't care
