I will get along better without you
I will go but I know I'm gonna miss you
I never wanted us to be apart
So why don't you stay girl
Moving on like a freight train moving
Trying to get to you

Hey yeah
Move it on now
Move it on now
Nothing ever stays
Hey what's going on
What's going on
I still feel the same now
Move it on now
Move it on now
Nothing ever changes
What you gonna do
What you gonna say
Go your own way

I suppose I'm ruining what I think
You go out and get a drink
I'm the one that's lying here alone tonight
I know that this can't feel right
You're not supposed
You're not supposed
You're not supposed to go
Well I'll go

Hey yeah
Move it on now
Move it on now
Nothing ever stays
Hey what's going on
What's going on
I still feel the same now
Move it on now
Move it on now
Nothing ever changes
What you gonna do

What you gonna say
Just go your own way

You crawl to me
There's nowhere left to go
I damn near explode
To you
To you
To you
To you
To you
To you
To you
I'm falling down
It's tearing me apart now
It hurts to stay
I don't know what I'm feeling
I'm wasted
And I will never have what all went down
You're nothing but you'll be sorry now
Gonna save myself
I save myself
From someone else
There's no one else like you
Like you

Hey yeah
Move it on now
Move it on now
Nothing ever stays
Hey what's going on
What's going on
I still feel the same now
Move it on now
Move it on now
Nothing ever changes
What you gonna do
What you gonna say
Just go your own way

Better off without you (Go your own way)
Better off without you (Go your own way)
Better off without you (Go your own way)
Better off without you (Go your own way)
Better off without you (Go your own way)
Better off without you (Go your own way)
Better off without you (Go your own way)
Go your own way
