you're-
like a name you soon forget
ashes from your cigarette
like a knife that come and go
they go slow, slow, slow, slow, slow, slow

you have become what you used to know
you throw him in the sun, implode
before you hide in the shelter,
the shelter, the shelter, the shelter, the shelter below
you sing la, la, la

save yourself
save yourself
save yourself
save yourself

with a knife or with a gun
with the light from the sun
ashes from your cigarette,
like a name you soon forget
remind me I'm disposable
remind me I'm disposable
you're fucking controllable
as you hide in the shelter, the shelter below
you say la, la, la

save yourself
save yourself
save yourself
save yourself

save yourself
save yourself
save yourself
c'mon and save yourself
save yourself
(oooooooooh)
save yourself
c'mon and save yourself
