Your eyes
They complete the sentence
They're finishing the painting
Staring at me now

And your heart
It covers the country
And disarms our money
It's bleeding for us now

I'm looking for a sign
I'll just soon go blind

You're so bright
You wash them all out
You're so bright
There's never any doubt

Your hands
They color the canvas
With beauty and madness
Revealing all our lies

And your hair
It sparks a religion
Of fear and decision
Never compromise

I'm looking for a sign
I'll just soon go blind

You're so bright
You wash them all out
You're so bright
There's never any doubt

You're so bright
You wash them all out
You're so bright
There's never any doubt

You're so bright

You wash them all, all out
You're so bright
There's never any doubt
