Ha ha.... eee
Kamarad maybe
maybe maybe
maybe u"be mine one night(maybe)
Youd o your job by the book(maybe)
It will be tonight(maybe)
maybe or maybe you will do them all
I'm dying for this chick, gosh she is a great piece
she's got all the doctor prescribed me
she is the girl from the tale the beautiful fairy
and i would like to take her come with me
I am Cristi Kamarar i jump in the ring again
I love girls who shake their behinds for fun
show me all you know, show all you can do
come home to me let me see how you move your hips
maybe u"be mine one night(maybe)
Youd o your job by the book(maybe)
It will be tonight(maybe)
maybe or maybe you will do them all
But the girl keeps shaking it in provocative moves
she goes to the rail wants to make me crazy
She starts to dance looking at me
15 years from it i'm still gonna do it with you
how i like the chick, she don't know what fear is
u'r hot baby, you love frills and money
You'r Barbie or Chucky, doll it doesn't matter
Show u'r frills come one dance, dance
maybe u"be mine one night(maybe)
Youd o your job by the book(maybe)
It will be tonight(maybe)
maybe or maybe you will do them all
Maybe , maybe...maybe or maybe you will do all of them
Maybe , maybe...maybe or maybe you will do all of them
