Verse 1

A lightning bolt in my heart that's the day it all fell
apart
Reality's gone is it coming back
I don't know where I'm going now I've lost the plan
and I don't know how
Is this how it was all meant to be is this how you had it
all planned for
Me
I don't know where I'm going now
Wish they'd take me back somehow
Seems like I've been here an eternity
These attacks are killing me, they're killing me

Chorus

I'm disconnected from the other side
Disconnected and I don't know why
Disconnected from the other side
Disconnected with no reason why
I'm half the man I used to be
It's taking away my soul and it's killing me
I wanna fight back but all I do is cry
If there's a reason then tell me why
Disconnected on the inside disconnected on the inside

Verse 2

Days are long I'm not going nowhere
Days are long I don't really care
Waiting for the night time moon to call
Minds filled up with some crazy scenes
Are things as bad as they really seem
Waiting for the feelings to return to me
This is where I don't really wanna be
I don't know where I'm going now
Wish they'd take me back somehow
Seems like I've been here an eternity
These attacks are killing me, they're killing me

Chorus

I'm disconnected from the other side
Disconnected and I don't know why
Disconnected from the other side
Disconnected with no reason why
I'm half the man I used to be

It's taking away my soul and it's killing me
I wanna fight back but all I do is cry
If there's a reason then tell me why
Disconnected on the inside disconnected on the inside
Disconnected with no reason why
Disconnected all I do is cry
Disconnected and I don't know why
Disconnected
MIDDLE 8 (HEARTBEAT, COLD HANDS, SPINNING
ROUND)
I'm disconnected from the other side
Disconnected and I don't know why
Disconnected from the other side
Disconnected with no reason why
I'm half the man I used to be
It's taking away my soul and it's killing me
I wanna fight back but all I do is cry
If there's a reason for this tell me why
Disconnected on the inside disconnected on the inside
Disconnected with no reason why
Disconnected all I do is cry
Disconnected and I don't know why
Disconnected on the inside
Disconnected all I do is cry
If there's a reason then tell me why
Disconnected on the inside disconnected on the inside
