Verse 1

You to me were a fatal sin
Should've seen that the devil lived within
Telling me words such as love
Sent from below and not above
Just the girl with a broken smile
Too far gone to learn wrong from right
Was it love I just can't decide
False on the out and poison inside

Bridge

Tell me did you love me?
Baby you know I did
Tell me did you need me?
I needed you night and day babe
Tell me why did you hurt me?
Baby I don't know why
Tell me why did you hurt me?
Baby I don't know why

Chorus

Love-Blind
Can't believe I let you in when I really didn't feel strong
Un-Kind
That's you natural way and you'll never change for no-one
Love-Blind
You can smile but remember what goes around comes around
In time
I'm gonna be there when you world comes crashing down
Comes comes crashing down

Verse 2

Love is sweet and you're a curse
You've made me I'll and now I need a nurse
You treat love like a game
It make's my skin crawl when I hear your name
I see your face it just makes me mad
I'm gonna show you what you could've had

Thought I would cry thought I would break
I'm stronger than before thanks to your mistake

Bridge
What was with the mind games?
You made them up on your own
You left me feeling lonely
But you never wanted me home now did you
Try a day in my shoes
You always had it your way
You can blame this on me
But you will see in time

Chorus
Love-Blind
Can't believe I let you in when I really didn't feel strong
Un-Kind
That's you natural way and you'll never change for no-
one
Love-Blind
You can smile but remember what goes around comes
around
In time
I'm gonna be there when you world comes crashing
down
Comes comes crashing down

INSTRUMENTAL

Chorus
Love-Blind
Can't believe I let you in when I really didn't feel strong
Un-Kind
That's you natural way and you'll never change for no-
one
Love-Blind
You can smile but remember what goes around comes
around
In time
I'm gonna be there when you world comes crashing
down
Comes comes crashing down

You can hate me always fear me.
