Verse 1

What I have to do now it's just tearing me apart
To say goodbye to you it's just breaking my heart
Now I have to live without you
Being here next to me
Back to that cold lonely world
They call reality

Chorus

To say goodbye
It's never easy
When it was time to go away
All I wanna do is stay
To say goodbye
It's never easy
Anytime we say it
But especially now we're saying goodbye

Verse 2

Now the days are long
I'm thinking of the memories
But I wish you were right here sitting next to me
You're growing older everyday
Changing in every way
But in my heart yeah
Is where you'll always stay

Chorus

To say goodbye
It's never easy
When it was time to go away
All I wanna do is stay
To say goodbye
It's never easy
Anytime we say it
But especially now we're saying goodbye
