everybody writes a rain song  
everybody writes what's done 'em wrong  
everybody writes the same pain song  
and as long  
as it's gonna sound just like everybody else's  
you might as well  
like singin' the tune

everybody writes a war song  
everybody writes a G chord song  
everybody wants to record some day  
what can you say  
it's gonna sound just like everybody else's  
you might as well  
like singin' the tune  
everybody tries a fun song  
everybody writes a runnin' song  
everybody's got their one that belongs to them

it's gonna sound just like everybody else's  
you might as well  
like singin' the tune
