(by Terre and Suzzy Roche)

Nobody around here knows what happened to ;you

No one will ask you to explain

You have your arm around a drastic measure

All of your efforts down the drain

There might be something here you could get into

Or just be quiet by yourself

oooooooo. . .

Stare at the stuff up on the shelf

You work too hard to take this abuse

Be on your guard jerks on the loose

Look who did it to you

Joker over there with nothing to do

Don't let 'm get through

Keep on Doing what you do

Why don't you listen to my little pep talk

Instead of what that person said

And now I'm gonna open up the window

And you will come in off that ledge

You work to hard to take this abuse

Be on your guard jerks on the loose

Jerks on the loose

Jerks on the loose
