Looking in the mirror  
What do you see  
From another era  
A face, baby

A waste maybe  
Of a chance never had  
A history of  
Romance gone bad

Who can be a lover?  
How long can it last?  
Anything but hover  
Seems like moving too fast

Going undercover  
With a person with a past

Seems like only yesterday  
You were just a child  
Until up irreversibly  
All of this sadness piled

Mistakes when you were fighting  
Your way out of your bag  
Has loneliness moonlighting  
Made of you a hag

Who can be a lover?  
How long can it last?  
Anything but hover  
Seems like moving too fast

Going undercover  
With a person with a past

You say you want to see me  
My number you desire  
You make it sound so easy  
(Make it sound so easy)  
Like slumbering in fire

I'm offering a warning  
(Offering a warning)  
Where you can put your trust  
And thank me in the morning  
When ashes turn to dust

Who can be a lover?  
How long can it last?  
Anything but hover  
Seems like moving too fast

Going undercover  
With a person with a past  
(With a person with a past)

With a past  
With a past  
With a past
