You're the two that I want, you're the two that I want
Some girls'll settle for just one
They don't know what they're missin' they ain't havin'
any fun
You're the two that I want

Jane told Betty, she saw me last night
She had her socks shocked off but she was tryin' to be
polite
We were arm in arm in arm and that just didn't seem
right
I was walkin' with my babies in my high heel shoes
Havin' so much fun I nearly lost my blues

You're the two that I want

He's a big strong boy he can bust out of chains
Says what he means he don't play no games
But you what you're missin' in muscle you make up for
in brains
Between you two I got my two hands full
I got one to push and another one to pull

Two that I want

I can't believe this is happenin' to me
I'm just about as happy as a girl can be
With all this lovin' I feel wild and free
Maybe I should press my luck and try for three
