Paddle in hand

She knows where she stands

Where wild nature cares

Her feet in the sand

Or in high heels she can

Dance away the wildest bear

She knows where the hummingbird

Sleeps at night

She knows about the Mujanadins

She knows about inflation

She's very bright, no question

And everywhere she's already been

Jamie's girl

For her he's searched the whole wide world

When found, he'd lose her again

Jamie's girl

One day he says "I'll catch that bird

Somehow, someday!... But when?"

Paddle in hand

You know where she stands

The kind of girl that smiles with her eyes

Pie in the sky

She dreams of a guy

Who'll love her 'till the day that she dies

She could ride on a broom

Or sing to the moon

Enough to keep him up all night

Don't worry about Jamie

I know it sounds silly

But Jamie's just doing alright

Jamie's girl

For her he's searched the whole wide world

When found, he'd lose her again

Jamie's girl

One day he says "I'll catch that bird

Somehow, someday!... But when?"

Someday but when?

Someday but when?

Jamie's just doing alright
